

Product list

Svizera Europe BV

Product list Svizera Europe B.V.

Introduction

Svizera Europe B.V. is a leading company in the supply of products for the diagnosis and treatment of Tuberculosis. Our aim is to contribute to the worldwide improvement of diagnosis and treatment of Tuberculosis by sharing knowledge with our partners, investing in innovative solutions and supplying high-quality products and services.

This products list contains a general overview of our productrange, including products listed in the WHO Essential Drug List.

Kindly note that our product range is not limited to the enclosed product list.

For further information about our products and prices, please do not hesitate to contact us.

This product list is divided into the six main productgroups within Svizera Europe BV

| Contents | Page |
|--|-------------|
| 1. First line Anti-Tuberculosis drugs | 3 |
| 2. Second line Anti-Tuberculosis drugs | 4 |
| 3. Medical Supplies | 4 |
| 4. Patient Kits | 5 |
| 5. Diagnostics and laboratory supplies | 6 |
| 6. Laboratory Diagnostic Kits | 7-8 |

1. First line Anti-Tuberculosis drugs

| Description | Presentation |
|---|---------------------|
| Ethambutol HCl 100mg | Tablets* |
| Ethambutol HCl 400mg | Tablets* |
| Ethambutol 400mg/Isoniazid 100mg | Tablets* |
| Ethambutol 400mg/Isoniazid 150mg | Tablets* |
| Isoniazid 100mg | Tablets* |
| Isoniazid 300mg | Tablets* |
| Pyrazinamide 400mg | Tablets* |
| Pyrazinamide 500mg | Tablets* |
| Rifampicin 150mg | Tablets / Capsules* |
| Rifampicin 300mg | Tablets / Capsules* |
| Rifampicin 450mg | Tablets / Capsules* |
| Rifampicin 60mg / Isoniazid 30mg | Tablets* |
| Rifampicin 150mg / Isoniazid 75mg | Tablets* |
| Rifampicin 150mg / Isoniazid 100mg | Tablets* |
| Rifampicin 150mg / Isoniazid 150mg | Tablets* |
| Rifampicin 300mg / Isoniazid 150mg | Tablets* |
| Rifampicin 200mg / Isoniazid 300mg | Tablets* |
| Rifampicin 60mg / Isoniazid 30 / Pyrazinamide 150mg | Tablets* |
| Rifampicin 120mg / Isoniazid 50 / Pyrazinamide 300mg | Tablets* |
| Rifampicin 150mg / Isoniazid 75 / Pyrazinamide 400mg | Tablets* |
| Rifampicin 150mg / Isoniazid 100 / Pyrazinamide 500mg | Tablets* |
| Rifampicin 150mg / Isoniazid 150 / Pyrazinamide 500mg | Tablets* |
| Rifampicin 150mg / Isoniazid 75mg / Ethambutol 275mg | Tablets* |
| Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg | Tablets* |
| Sterilised Water for Injection 5ml | Plastic ampoules |
| Streptomycin (as sulphate) powder for injection 750mg | Vials |
| Streptomycin (as sulphate) powder for injection 1g | Vials |
| Thioacetazone 50mg / Isoniazid 100mg | Tablets* |
| Thioacetazone 150mg / Isoniazid 300mg | Tablets* |

* All tablets and capsules can be supplied in bulk packaging, blister packaging and packaging according to GDF specifications.

2. Second line Anti-Tuberculosis drugs

| Description | Presentation |
|--|--------------------|
| Amikacin (as sulphate) dry powder for injection 250mg | Vials |
| Amikacin (as sulphate) dry powder for injection 500mg | Vials |
| Amikacin (as sulphate) dry powder for injection 1g | Vials |
| Capreomycin (as sulphate) dry powder for injection 1g | Vials |
| Ciprofloxacin 250mg | Tablets |
| Ciprofloxacin 500mg | Tablets |
| Cycloserine 250mg | Tablets / Capsules |
| Ethionamide 125mg | Tablets |
| Ethionamide 250mg | Tablets |
| Kanamycin (as sulphate) dry powder for injection 250mg | Vials |
| Kanamycin (as sulphate) dry powder for injection 500mg | Vials |
| Kanamycin (as sulphate) dry powder for injection 1g | Vials |
| Ofloxacin 200mg | Tablets |
| Ofloxacin 400mg | Tablets |
| Protionamide 125mg | Tablets |
| Protionamide 250mg | Tablets |
| Terizidone 300mg | Tablets / Capsules |

3. Medical Supplies

| Description | Presentation |
|---|--------------|
| Disinfecting alcohol swabs, disposable, sterile | box/100 |
| Examination gloves, disposable | box/100 |
| Needle hub cutter, plastic | each |
| Syringes with automatic disabling feature after 2nd cycle, 5ml with 21Gx1.5" needle | box/100 |
| Syringes 5ml, with by packed needle, disposable, sterile | box/100 |
| Tuberculine syringes, 1ml, 3-part, with by packed needle, disposable, sterile | box/100 |

4. Patient Kits

| Description | Quantity | Presentation |
|---|----------|--------------|
| Stop TB patient Kit Cat I+III, version 1 Contains anti-TB drugs for the treatment of one category I or category III patient Consisting of: | | box |
| - Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg, blister sheet of 28 tablets | 6 | |
| - Rifampicin 150mg / Isoniazid 75mg, blister sheet of 28 tablets | 12 | |
| Stop TB patient Kit Cat I+III, version 2 Contains anti-TB drugs for the treatment of one category I or category III patient Consisting of: | | box |
| - Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg, blister sheet of 28 tablets | 6 | |
| - Ethambutol 400mg / Isoniazid 150mg, blister sheet of 28 tablets | 12 | |
| Stop TB patient Kit Cat II, version 1 Contains anti-TB drugs for the treatment of one category II patient Consisting of: | | box |
| - Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg, blister sheet of 28 tablets | 9 | |
| - Rifampicin 150mg / Isoniazid 75mg / Ethambutol 275mg, blister sheet of 28 tablets | 15 | |
| - Streptomycin sulphate powder for injection, 1g, vial | 56 | |
| - Water for injection, 5ml, ampoule | 60 | |
| - Syringe 5ml, with 21Gx1.5" by packed needle, disposable, sterile | 56 | |
| - Disinfecting alcohol swab, disposable, sterile | 56 | |
| - Needle hub cutter | 1 | |
| Stop TB patient Kit Cat II, version 2 Contains anti-TB drugs for the treatment of one category II patient Consisting of: | | box |
| - Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg, blister sheet of 28 tablets | 9 | |
| - Rifampicin 150mg / Isoniazid 75mg, blister sheet of 28 tablets | 15 | |
| - Ethambutol 400mg, blister sheet of 28 tablets | 10 | |
| - Streptomycin sulphate powder for injection, 1g, vial | 56 | |
| - Water for injection, 5ml, ampoule | 60 | |
| - Syringe 5ml, with 21Gx1.5" by packed needle, disposable, sterile | 56 | |
| - Disinfecting alcohol swab, disposable, sterile | 56 | |
| - Needle hub cutter | 1 | |

The above-mentioned patient kits are based upon the specifications of the Global Drug Facility. According to the requirements of the program we can supply patient kits with the contents and lay-out based upon the treatment scheme used.

5. Diagnostics and laboratory supplies

| Description | Presentation |
|--|--------------|
| Alcohol lamp, metal, with screw cap, 60ml, complete with cotton wick | bottle |
| Binocular microscope Olympus, model CX21 BIM-set | each |
| Box for microscope slides, for 100 slides, polystyrene | each |
| Diamond writer | each |
| Drying rack, for drying stained microscope slides | each |
| Ethanol (ethyl alcohol) 96 % denatured DG CODE: UN 1170, class 3 II | bottle |
| Filter paper | box/100 |
| Forceps for microscope slides, 11.5cm, stainless steel | each |
| Fuchsin basic, biological stain powder | bottle |
| Halogene light bulb 20W 6V | each |
| Immersion oil, synthetic, for use in tropical climates | bottle |
| Lens paper | box/100 |
| Methanol 99.5% DG code: UN1230, class 3.2 II | each |
| Methylated spirit DG CODE: UN 1170, class 3.2 II | bottle |
| Methylene blue stain | bottle |
| Microscope slides, frosted end, cut edges, cellophanized | bx/50 x 20 |
| Mirror unit for microscop Olympus CX 21 | each |
| Phenol detached crystals DG code: UN 1671, class 6.1 II | bottle |
| Staining rack for use over laboratory sinks | each |
| Sputum container, 40ml, PP, with screwcap | box/1000 |
| Sulphuric acid 95-97 % DG code: UN 1830, class 8 II | bottle |
| Wire loop, nichrome 18/8 steel, internal diameter 2.5mm | each |
| Wire loop holder | each |
| Xylene, low in sulphur (xylol/dimethyl-benzene) DG code: UN 1307, class 3.3 III | bottle |

6. Laboratory Diagnostic Kits

| Description | Qty | Presentation |
|---|-----|--------------|
| Consumables Kit A | | box |
| Contains materials sufficient to prepare and stain 1000 sputum smears | | |
| Consisting of: | | |
| Box 1 of 2: | | box |
| - Acid alcohol 3% v/v, bottle of 1L | 5 | |
| - Methylene blue, bottle of 1L | 5 | |
| - Lysol 5% disinfectant concentrate, bottle of 1L | 5 | |
| - Immersion oil, synthetic for use in tropical climates, bottle of 100ml | 1 | |
| - Microscope slides, frosted end, cut edges, cellophanized, box of 50x20 slides | 1 | |
| - Filter paper, 24cm diameter box of 100 pieces | 1 | |
| - Lens paper, 100x150mm, box of 100 pieces | 1 | |
| - Instruction book: Instructions for use of stain | 1 | |
| Box 2 of 2: | | box |
| - Strong carbol fuchsin, bottle of 1L DG CODE: UN 1993, class 3.3, pkg III | 5 | |
| - Xylene, low in sulphur (xylol/dimethylbenzene), bottle of 2.5L DG CODE: UN 1307, class 3.3, pkg III | 1 | |
| - Industrialized methylated spirit, bottle of 1L DG CODE: UN 1170, class 3,2, pkg II | 1 | |
| - Instruction book: Instructions for use of stain | 1 | |
| Equipment Starter Kit A | | box |
| Minor laboratory equipment for use with Consumables Kit A | | |
| Consisting of: | | |
| - WHO publications: Laboratory Services in Tuberculosis Control Part 1: Organization and Management Part 2: Microscopy | 1 | |
| - Wall chart, laminated: Ziehl-Neelsen staining procedure | 1 | |
| - Beaker 250ml, borosilicate glass | 2 | |
| - Filter funnel, polypropylene, 122mm diameter | 1 | |
| - Filter funnel, polypropylene, 158mm diameter | 1 | |

6. Laboratory Diagnostic Kits (*continued*)

| Description | Qty | Presentation |
|--|-----|--------------|
| Equipment Starter Kit A (<i>continued</i>) | | box |
| Minor laboratory equipment for use with Consumables Kit A | | |
| Consisting of: | | |
| - Wash bottle, 500ml, polythene with spout | 5 | |
| - Wire loop holder, light model with 12.5cm heat resistant handle | 2 | |
| - Wire loop, nichrome 18/8 steel, internal diam. 2.5mm | 75 | |
| - Alcohol lamp, metal, w/screw cap, 60ml, complete with cotton wick. | 2 | |
| - Box microscope slides, for 100 slides, polystyrene. | 6 | |
| - Permanent marker, 1-3mm, black, water-resistant | 4 | |
| - Drying rack for drying stained microscope slides. | 1 | |
| - Diamond writer, pen-shaped, wooden handle, supplied in etui. | 2 | |
| - Forceps for microscope slides, 11.5cm, stainless steel | 2 | |
| - Staining rack, for use over laboratory sinks. | 1 | |
| - Timer, mechanical interval for periods up to 60 minutes | 1 | |
| Microscope Kit | | box |
| Consisting of: | | |
| - Biological microscope, Olympus model CX21BIM-set1 | 1 | |
| - Mirror unit for microscope CX21 | 1 | |
| - Wooden storage case for CX21 | 1 | |
| - Spare bulb, halogen, 6V, 20W (Philips No. 7388) | 9 | |
| - Surge protector | 1 | |
| - Lamp, to replace natural sunlight for use with mirror unit, 12V, including battery unit. | 1 | |
| - Battery recharger, 12V/1A. | 1 | |
| - Self-indicating silica gel, 100g | 1 | |
| - Instructions manual | 1 | |

The above-mentioned diagnostic kits are based upon the specifications of the Global Drug Facility. If desired, we can supply laboratory diagnostic kits with the contents and lay-out as per the requirements of the program.
