INTRODUCTION

Svizera Europe B.V. is a leading company in the supply of products for the diagnosis and treatment of Tuberculosis. Our aim is to contribute to the worldwide improvement of diagnosis and treatment of Tuberculosis by sharing knowledge with our partners, investing in innovative solutions and supplying high-quality products and services.

This product list contains a general overview of our product range, including products listed in the WHO Essential Drug List. Kindly note that our product range is not limited to the enclosed product list. For further information about our products and prices, please do not hesitate to contact us. This product list is divided into the 7 main product groups within Svizera Europe B.V.

PACKAGING AND LABELING

Most of our products are standard delivered with an English, French and Spanish label but, different languages are available upon request.

Svizera Europe also acknowledges the need of some customers to have their own packaging and labeling. Whether this is driven by national or international pharmaceutical laws, language or personal preferences, we will make sure that for bulk orders your packing and labeling is being made in accordance with your organizations needs.

Most of our products can be supplied in different strengths, blisters or jars, capsules or tablets, dispersible or coated. Please let us know your needs and we will do our utmost best to meet your demands.

FIRST-LINE TB MEDICATION

Product	Form
Ethambutol 100mg	Tablet
Ethambutol 200mg	Tablet
Ethambutol 400mg	Tablet
Ethambutol 400mg / Isoniazid 150mg	Tablet
Ethambutol 800mg	Tablet
Isoniazid 75mg	Tablet
Isoniazid 100mg	Tablet
Isoniazid 300mg	Tablet
Isoniazid 300mg / Thiacetazone 50mg	Tablet
Pyrazinamide 100mg	Tablet
Pyrazinamide 250mg	Tablet
Pyrazinamide 400mg	Tablet
Pyrazinamide 500mg	Tablet
Pyrazinamide 750mg	Tablet
Rifampicin 60mg / Isoniazid 30mg	Tablet/Sachet
Rifampicin 60mg / Isoniazid 30mg / Pyrazinamide 150mg	Tablet/Sachet
Rifampicin 60mg / Isoniazid 60mg	Tablet/Sachet
Rifampicin 100mg / 5ml suspension	Suspension
Rifampicin 120mg / Isoniazid 50mg / Pyrazinamide 300mg	Tablet
Rifampicin 120mg / Isoniazid 60mg	Tablet
Rifampicin 150mg / Isoniazid 100mg	Tablet
Rifampicin 150mg / Isoniazid 150mg	Tablet
Rifampicin 150mg / Isoniazid 200mg	Tablet
Rifampicin 150mg / Isoniazid 75mg	Tablet
Rifampicin 150mg / Isoniazid 75mg / Ethambutol 275mg	Tablet
Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg	Tablet
Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg	Tablet
Rifampicin 150mg	Tablet/Capsules
Rifampicin 300mg / Isoniazid 150mg	Tablet
Rifampicin 300mg / Isoniazid 200mg	Tablet

* All Tablets and Capsules can be supplied in bulk packaging, blister packaging and packaging according to GDF specifications, also we can supply most of our products film coated, dispersible or chewable.

FIRST-LINE TB MEDICATION

(continued)

Product	Form
Rifampicin 300mg	Tablet
Rifampicin 450mg	Tablet/Capsules
Rifampicin 450mg / Isoniazid 225mg / Ethambutol 825mg / Pyrazinamide 1200mg	Sachet
Streptomycin (as sulphate) powder for injection 1g	Vial
Water for Injection (WFI) 5ml, plastic ampoule	Ampoule

SECOND-LINE TB MEDICATION

Product	Form
Amikacin, 1g	Vial
Capreomycin Injection 1g	Vial
Cefoxitin 1g	Vial
Ciprofloxacin 500mg	Tablet
Cycloserine 250mg	Capsules
Erytromycine 250mg	Tablet
Ethionamide 250mg	Tablet
Gatifloxacin 200mg	Tablet
Gatifloxacin 400mg	Tablet
Kanamycin sulphate 1g	Vial
Levofloxacin 250mg	Tablet
Ofloxacin 200mg	Tablet
Ofloxacin 400mg	Tablet
PAS sachets (4gms of PAS Active Pharmaceutical Ingredient)	Sachet
Prothionamide 250mg	Tablet

* All Tablets and Capsules can be supplied in bulk packaging, blister packaging and packaging according to GDF specifications, also we can supply most of our products film coated, dispersible or chewable.

PATIENT KITS

The stop TB Patient Kit have been developed to support the DOTS-strategy, initiating the following objectives:

- 1 Simplifying the treatment of TB patients
- 2 Controlling the TB patient during treatment
- 3 Ensuring the availability of anti TB-drugs to complete the treatment

CATEGORY I & III

The stop TB Patient Kit for Category I and III patients contains anti-TB drugs sufficient for the full treatment of one category I or III TB patient.

Each kit contains:

- 4 FDC (Rifampicin 150mg/ Isoniazid 75mg/ Pyrazinamide 400mg/ Ethambutol 275mg) Tablets for treatment during the two months intensive phase.

For the continuation phase several options are available, such as:

1. Rifampicin 150mg/Isoniazid 75mg Tablets for daily treatment for a period of 6 months
2. Rifampicin 150mg/Isoniazid 150mg Tablets for intermittent treatment for a period of 4 months
3. Ethambutol 400mg/Isoniazid 150mg Tablets for daily treatment for a period of 6 months

CATEGORY II

The STOP TB Patient Kit for Category II Patients contains anti-TB drugs and medical supplies sufficient for the full treatment of one category II TB patient.

Each Kit contains:

- 4 FDC (Rifampicin 150mg/Isoniazid 75mg/Pyrazinamide 400mg/Ethambutol 275mg) Tablets for daily treatment during three months intensive phase.
- Syringes (5ml) with detachable needle (BD)
- Needle hub cutter (BD)
- Streptomycin 1g vial
- Water for Injection 5ml ampoule

For the continuation phase several options are available, such as:

- 3 FDC (Rifampicin 150mg/Isoniazid 75mg/Ethambutol 275mg) Tablets for daily treatment for a period of 5 months
- Rifampicin 150mg/Isoniazid 75mg and Ethambutol 400mg Tablets for daily treatment for a period of 5 months
- Rifampicin 150mg/Isoniazid 150mg and Ethambutol 400mg Tablets for intermittent treatment for a period of 5 months

*An auto destruct syringe with an automatic disabling feature has been developed by [Becton Dickinson](#). This syringe can be supplied as a part of the STOP TB patient kit for category II patients.

CATEGORY I & III PATIENT KITS

Stop TB patient Kit Cat I+III, version A	Units
Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg, blister sheet of 28 tablets	6
Rifampicin 150mg / Isoniazid 75mg, blister sheet of 28 tablets	12
Stop TB patient Kit Cat I+III, version B	Units
Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg, blister sheet of 28 tablets	6
Ethambutol 400mg / Isoniazid 150mg, blister sheet of 28 tablets	12
Stop TB patient Kit Cat I+III, version C	Units
Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg, blister sheet of 28 tablets	6
Rifampicin 150mg / Isoniazid 150mg, blister sheet of 28 tablets	6

CATEGORY II PATIENT KITS

Stop TB patient Kit Cat II, version A1	Units
Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg, blister sheet of 28 tablets	9
Rifampicin 150mg / Isoniazid 75mg / Ethambutol 275mg, blister sheet of 28 tablets	15
Streptomycin sulphate powder for injection, 1g, vial	60
Water for injection, 5ml, ampoule	60
Syringes with automatic disabling feature after 2nd cycle, 5ml, with 21Gx1.5" needle	60
Needle hub-cutter	1
Stop TB patient Kit Cat II, version A2	Units
Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg, blister sheet of 28 tablets	9
Rifampicin 150mg / Isoniazid 75mg / Ethambutol 275mg, blister sheet of 28 tablets	15
Streptomycin sulphate powder for injection, 1g, vial	60
Water for injection, 5ml, ampoule	60
Syringe 5ml, 2-part, luer, disposable, sterile, with 21Gx1.5" by-packed needle, box.	60
Needle hub-cutter	1

CATEGORY II PATIENT KITS

Stop TB patient Kit Cat II, version B1	Units
Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg, blister sheet of 28 tablets	9
Rifampicin 150mg / Isoniazid 75mg, blister sheet of 28 tablets	15
Ethambutol 400mg	10
Streptomycin sulphate powder for injection, 1g, vial	60
Water for injection, 5ml, ampoule	60
Syringes with automatic disabling feature after 2nd cycle, 5ml, with 21Gx1.5" needle	60
Needle hub-cutter	1
Stop TB patient Kit Cat II, version B2	Units
Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg, blister sheet of 28 tablets	9
Rifampicin 150mg / Isoniazid 75mg, blister sheet of 28 tablets	15
Ethambutol 400mg	10
Streptomycin sulphate powder for injection, 1g, vial	60
Water for injection, 5ml, ampoule	60
Syringe 5ml, 2-part, luer, disposable, sterile, with 21Gx1.5" by-packed needle, box.	60
Needle hub-cutter	1
Stop TB patient Kit Cat II, version C1	Units
Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg, blister sheet of 28 tablets	9
Rifampicin 150mg / Isoniazid 150mg, blister sheet of 28 tablets	7
Ethambutol 400mg	7
Streptomycin sulphate powder for injection, 1g, vial	60
Water for injection, 5ml, ampoule	60
Syringes with automatic disabling feature after 2nd cycle, 5ml, with 21Gx1.5" needle	60
Needle hub-cutter	1
Stop TB patient Kit Cat II, version C2	Units
Rifampicin 150mg / Isoniazid 75mg / Pyrazinamide 400mg / Ethambutol 275mg, blister sheet of 28 tablets	9
Rifampicin 150mg / Isoniazid 150mg, blister sheet of 28 tablets	7
Ethambutol 400mg	7
Streptomycin sulphate powder for injection, 1g, vial	60
Water for injection, 5ml, ampoule	60
Syringe 5ml, 2-part, luer, disposable, sterile, with 21Gx1.5" by-packed needle, box.	60
Needle hub-cutter	1

DIAGNOSTIC KITS

One of the innovations made in the field of diagnosis of Tuberculosis is the development of Stop TB Diagnostic Kits. Based upon international recommendations the equipment and supplies required for diagnosis by the Ziehl-Neelsen method have been divided into the following kits:

Consumable Kit:

Contains laboratory consumables sufficient to prepare and stain 1000 sputum smears, which includes amongst others ready-to-use Ziehl-Neelsen stains, gloves, microscope slides, filter paper and acid alcohol.

Equipment Starter Kit:

Contains minor laboratory equipment for use with the Consumable Kit, such as an alcohol lamp, wire loop and holder, drying rack, staining rack, diamond writer, timer and instruction booklets.

Microscope Kit:

Contains a microscope (Olympus CX21) complete with all necessary spare parts and accessories to operate the microscope even in the most rural areas. This microscope is supplied a.o. with a strong wooden storage case, 12v Battery unit, mains charger, mirror unit, surge protector and spare bulbs.

Sputum Cups:

Sputum collection cups with screw cap, leak proof, single use, combustible material, translucent with an easy to label wall panel. The sputum cups have a volume of 40ml.

CONSUMABLE KIT		
	Item	Units per kit
1	Strong carbol fuchsin	5 x 1 litre
2	Acid alcohol 3% v/v	7 x 1 litre
3	Methylene Blue (3g/l)	5 x 1 litre
4	Industrialized methylated spirit (95% methanol)	1 x 2.5 litre
5	Immersion oil	4 x 25 ml
6	'Lysol' 5% solution (Phenol disinfectant)	5 x 1 litre
7	Slides	20 boxes of 50 slides
8	Filter paper	1 box / 100 circles
9	Lens cleaning tissue	2 pkts / 100 tissues
10	Waterproof Marker Pens	2 pieces
11	Gloves	3 boxes / 100 gloves

EQUIPMENT KIT		
	Item	Units per kit
1	Beaker	2 pieces
2	Filter funnel, large	1 piece
3	Filter funnel, medium	1 piece
4	Filter funnel, small	2 pieces
5	Wash bottles	6 pieces
6	Wire loop holder	2 pieces
7	Nichrome wire loops	75 pieces
8	Spirit lamp	2 pieces
9	Roll of cotton wick	1 piece
10	Slide holding storage boxes	6 pieces
11	Slide drying rack	2 pieces
12	Diamond slide marker	1 piece
13	Slide-holding forceps	2 pieces
14	Staining rack, adjustable length.	2 pieces
15	Timer	1 piece

MICROSCOPE KIT CX21		
	Item	Units per kit
	Binocular microscope (Olympus CX21)	1 piece
1	Eyepieces	2 pieces
2	Objectives (4x, 10x, 40x and 100x)	4 pieces
3	Nosepiece	1 piece
4	Condenser	1 piece
5	Dust Cover	1 piece
6	Illumination	1 piece
7	Instruction manual	1 piece
Accessories Option 1:		
1	Surge protector	1 piece
2	12V battery unit	1 piece
3	Mains charger	1 piece
4	External illumination (lamp) for use with battery	1 piece
5	Mirror	1 piece
6	Spare bulbs for halogen quartz lamp	9 pieces
7	Spare bulbs for external light source	10 pieces
8	Storage box	1 piece
9	Self-indicating silica gel	1x100g sachet
10	User manual Microscope Kit	1 piece
Accessories Option 2:		
	Fluorescence Unit for CX21 (FluoLed Easy RoyalBlue Fraen)	1 piece
1	Adaptor for Olympus CX21 "Easy" White UL	1 piece
2	45° Slider with blue conversion filter	1 piece
3	45° Slider with mirror	1 piece
4	Ring spac. CX/BX 2 Pos .UL AF "Easy	1 piece
5	LED Light Cassette Royal Blu-UL	1 piece
6	Long pass filter 510	1 piece
7	100-240 V power converter	1 piece
8	1-channel fixed ctrl unit white AF-UL-IN	1 piece
9	Power Cord EU	1 piece
10	FluoLED transport box small	1 piece
Accessories Option 3:		
	Microscope attachment for Fluorescence microscopy (QBC)	1 piece
1	LED light source	1 piece
2	ParaLens Adapter w/ 60x Objective	1 piece
3	DC power cord and 4 international power adapters	1 piece
4	Storage case	1 piece
5	Immersion oil	1 x 30 ml
6	Tube holder	1 piece
7	Screwdriver	1 piece
	Optional:	
1	The optional solar battery pack	1 piece
2	Objectives w/40x, w/60x, w/100x	1 piece
3	12-volt battery connectors	1 piece

FLUORESCENCE MICROSCOPE KIT		
	Item	Units
	Primo Star iLED Microscope (Zeiss)	1 piece
1	fixed-Köhler, stage drive R, field 18, D=0 Complete configuration with fixed-Koehler stand including	
2	LED illumination (White-light LED 3W/6V, Blue-light LED 3W/6V, LED class 3B)	2 pieces
3	4-position nosepiece, tilted backwards	1 piece
4	mechanical stage 75x30, drive right and specimen holder with spring clip left	1 piece
5	Binocular tube 30°/20 (Eyepiece tubes)	1 piece
6	Eyepieces (WF 10x/18 Br. Foc. With special eyecups)	1 piece
7	Objectives "Plan-Achromat" D=0 without cover glass 10x, 20x, 40x and 100x Oil	4 pieces
8	Condenser (Abbe ceondenser, 0.9/1.25 Fixed-Koehler)	1 piece
9	Dust Cover	1 piece
10	oiler with 5 ml immersion oil	1 x 5 ml
11	color filter set blue, green, yellow	3 pieces
12	Instruction manual	1 piece
	Reflected-light fluorescence illuminator "iLED" for "Primo Star"	1 piece
1	LED module 455 nm (Reflected-light fluorescence illuminator)	1 piece
2	FL reflector module with filter set 67	1 piece
3	Slider with yellow filter	1 piece
4	Special eyecup with light protection	1 piece
Accessories Option 1:		
1	Surge protector	1 piece
2	Battery supply unit	1 piece
3	Storage box	1 piece
4	Self-indicating silica gel	1 piece
5	User manual Fluorescence Microscope Kit	1 piece
Accessories Option 2:		
1	Surge protector	1 piece
2	Battery supply unit	1 piece
3	Solar charger	1 piece
4	Storage box	1 piece
5	Self-indicating silica gel	1 piece
6	User manual Fluorescence Microscope Kit	1 piece

STAINS AND REAGENTS

Products
Acid alcohol
Acradine Orange
Auramine differentiator (acid alcohol)
Auramine Phenol Reagent
Auramine-Rhodamine Phenol Reagent
Basic Fuchsin
Carbol fuchsin Kinyoun (KY)
Carbol fuchsin Ziehl Neelsen (ZN)
Crystal violet
Dimethyl sulphoxide
Ethanol
Formol liquide concentrate
Gentiane violet
Giemsa Stain
Glycerol
Gries reagent
Immersion Oil
Loewenstein-Jensen Medium Base
Lysol disinfectant concentrate
Malachite Green
Methanol
Methylated spirit
Methylene blue
Phenol crystals
Potassium parmananagnet
Strong Carbol Fuchsin
Sulphuric acid
Xylene
Ziehl Neelsen TB differentiator (acid alcohol)

LABORATORY SUPPLIES

Products
Alcohol lamps: Glass / Metal
Alcohol swabs
Analytical balances
Anti fungus strips for microscopes
Autoclave: Bags (polypropylene & other), Bottles, Tapes, Indicator tapes
Bain Mary
Battery recharger, 12V/1A
Battery unit (12 V; 9 V)
Beakers, Laboratory
Bedpans
Bijou bottles with alu screw cap (14 ml; 28 ml)
Blood lancets
Bottles, Laboratory
Bowls plastic & Stainless steel (180 ml; 600 ml; 1,2 L; 4 L; 8 L)
Bunsen Burner
Cellanalysers
Centrifuges
Cotton wick for alcohol lamp
Diamont writers/markers
Drying rack for microscope slides
Dustbins, receptacle waste
Filter paper all sizes
Flasks
Forceps
Funnels: plastic, glass & polypropylene
Gallipots
Gloves sterile and non sterile
Halogen light bulb 20W 6V
Innoculation loops (and holders)
Instrument trays stainless steel (also: dressing & Mayo)
Jars Dressing: plastic & stainless steel
Jars forceps: plastic & stainless steel
Kidney basins
Lamp, to replace natural sunlight for use with mirror unit
LED Fluorescence systems
Lens paper
Measuring cylinders
Microplate Photometer
Microscope objectives (4x, 10x, 20x, 40x, 50x, 100x)
Microscope slide boxes
Microscope slides
Microscopes: Olympus e.g CX21, CX31, CX41, LED, Zeiss microscope, Fraen Modules

Products
Minuterie (timers)
Mirror unit for microscope
Mixers (Vortex; Shaker)
Needle hub cutter
Pipettes: Plastic / Glass, Holders, Fillers, Graduated, Sterile, Starter set, Tips, Variable, Manual Volumetric, Pasteur
Protection Mask
Pump Suction, manual, foot operated
Resuscitators
Safetyboxes
Scales
Scissors
Sharps containers
Specimen cups
Spectrophotometer
Sputum container
Staining bowls
Staining racks
Surge protectors
Syringes and Needles
Thermometer jars
Towel dispensers
Tubes (plastic & glass)
Vacuum extractor, Bird, manual, complete set
Waterbath
Wire loops & Wire loop holders
Wooden storage case for microscope

CONTRACEPTIVES

Products
Levonorgestrel (0,15mg) and Ethinylestradiol (0.03mg) tablets U.S.P. with ferrous fumerate (75mg) tablets U.S.P.
Levonorgestrel tablets U.S.P. 0.75mg ORCAN - EC
Levonorgestrel tablets U.S.P. 0.03mg NOOR
Levonorgestrel tablets U.S.P. 1.5mg
Levonorgestrel (0.15mg) and ethinyl estradiol (0.03mg) tablets U.S.P.
Levonorgestrel tablets I.P. 0.75mg SVIZ E-PILLS
Levonorgestrel tablets B.P. 1.5mg (emergency contraceptive pill)
